

NAME:

What is your birth order?

What are some typical characteristics associated with your placement?

List your siblings and their birth order? What characteristics of their placement that go with them?

Now learn about the personality traits associated with each placement.

Were you correct in your evaluation of yourself? Why or why not? Did you learn of any other characteristics that describe you?

Were you correct in your evaluation of your siblings? Why or why not? Did you learn of any other characteristics that describe your siblings?

Directions: You need to list 4 people under each category. List the characteristics of each person's birth order that describe him/her. List the similarities of the people in each group, as well as the differences. You may use yourself. Write 3 summary statements when you are done talking about what our birth order can predict, or if you disagree why.

1 st Born	Characteristics	Similarities	Differences

Middle Born	Characteristics	Similarities	Differences

Last Born	Characteristics	Similarities	Differences

Only Child	Characteristics	Similarities	Differences
