

NAME:

Points: /50

Directions: You will need to research pricing information over the products below. Sites such as Walmart.com and Netgrocer.com are useful. You need to find 3 products of similar design, shape and size of different brands and compare prices. The different brands must be similar for an accurate comparison. For example, if you are looking at size 2 diapers, you need to find all 3 brands in the same or similar quantity.

Which would you
choose and why?

1. What is the total amount you would be spending, with your chosen products, to prepare for baby's arrival?
2. Are there any items above you feel would be unnecessary to purchase and why?
3. For which item did the cost surprise you the most and why?
4. How might new parents avoid purchasing all the above items?
5. Which items would you want to make sure were new and why?
